MULTIDISCIPLINARY APPROACH TO METASTATIC BREAST CANCER

Belgian Society of Senology Conference
Saturday, 23 April 2022
« Living Tomorrow » Vilvoorde

Pre-registration required! Non-members Fee: 80€
Secretary: cindy.dekeyzer@uzleuven.be – tel. 016/34.37.70

Dear Colleagues,

Metastatic breast cancer is a complex disease. The board of the BVS/SBS would like to invite you to our next conference on "MULTIDISCIPLINARY APPROACH TO METASTATIC BREAST CANCER".

During this conference, we will go beyond systemic treatment approaches and discuss aspects such as molecular biology, imaging, local treatment of the breast and of the metastases, as well as psychosocial aspects of this disease. We have invited top experts in the field and sincerely hope that you will be able to join us!

08:30-09:00	Registration, welcome and coffee
--------------------	---

Chair: prof. dr. Ch. Van Ongeval

09:00-09:30	Molecular portraits of metastatic breast cancer
	Prof. dr. Christine Desmedt, KU Leuven

09:30-10:00	Whole body MRI in breast cancer: added value for staging and response assessment
	Prof. dr. Vincent Vandecaveye, UZ Leuven

10:00-10:30	Optimal extent of locoregional surgery
	Prof. dr. Marian Vanhoeij, UZ Brussel
